

## Card Readers RDC3

Transcend's RDC3 card reader is specifically designed to work with next-generation USB Type-C equipped computers and mobile devices. It is compatible with Android smartphones and tablets, new laptops, MacBooks and iPad Pro featuring a Type-C port. Featuring both an SD card slot and a microSD card slot, Transcend's RDC3 is equipped with the USB 3.2 Gen 1 interface for impressive transfer speeds. Download the complimentary Transcend Elite app to manage the files on your smartphone or tablet.

### Reversible USB Type-C connector

Transcend's RDC3 card reader comes with a reversible USB Type-C connector for greater ease of use. It is compatible with Android smart devices, new laptops, MacBooks and iPad Pro devices featuring a Type-C port.

### Dual card slots for easy expansion

Transcend's RDC3 card reader is equipped with both an SD card slot and a microSD card slot. The SD card slot supports UHS-I SDXC and SDHC memory cards, while the microSD card slot offers yet another way to expand the storage capacity of your Android smart device.

Note: The reader does not support simultaneous insertion of two cards.

### Blazing-fast transfer speeds

Taking full advantage of the USB 3.2 Gen 1 interface for fast transfers, Transcend's RDC3 card reader will unleash the full potential of your high-speed flash cards.

## Card Readers RDC3
