

USB 2.0 Flash Drive JetFlash® T3

The JetFlash T3 ultra-slim USB flash drive is feathery light and as thin as a quarter. With its refined zinc alloy body and COB manufacturing, this shiny flash drive is the most charming and rugged storage device that is completely resistant to dust, shock and splash.

- Completely resistant to dust, shock and splash
- COB (Chip on Board) manufacturing technique
- High-quality metallic texture
- Transcend Elite data management software

Resistant to splash,
shock, and dust

Transcend Elite software

A free download from Transcend's official website and from Google Play, Transcend Elite features backup and restore, data encryption, and cloud backup functions.
