

USB 2.0 Flash Drive JetFlash® 310

Transcend's JetFlash 310 flash drive is ultra slim, compact, and lightweight. Fitting comfortably between thumb and finger, the easy-to-grip contoured design requires minimal effort when unplugging from a USB port. An LED indicator will automatically light up whenever the drive is accessed, and the lanyard attachment loop allows you to bring the flash drive with you wherever you go.

- Ergonomic capless design
- Convenient, one-handed operation
- Extremely slim and lightweight
- LED status indicator
- Transcend Elite data management software

Ultra slim and lightweight

Transcend Elite software

A free download from Transcend's official website and from Google Play, Transcend Elite features backup and restore, data encryption, file synchronization, and cloud backup functions.
