

Body Cameras

DrivePro™ Body 20

Designed for military, law enforcement, and private security, the DrivePro Body 20 features video recording in 1080p Full HD for an exceptionally clear picture, and live-streaming to iOS and Android mobile devices through built-in Wi-Fi. The DrivePro Body 20 features a 160° field of view and f/2.8 aperture lens to capture detailed video evidence. The DrivePro Body 20 is also resistant to water and shock, making it perfect for both indoor and outdoor use.

Quick snapshot button

The quick snapshot button allows users to take photos while recording video simultaneously. During an incident, just reach up and discreetly press the snapshot button to capture photographic evidence on the spot.

Rugged and durable design

The DrivePro Body 20 is built to withstand extreme weather and brutal conditions, providing excellent protection for outdoor recording. It is IPX4 rated to offer protection against splashing water from any direction, and meets rigorous U.S. military drop-test standards for shock resistance.

Two holders included

The DrivePro Body 20 includes both a 360° rotatable clip and a Velcro holder for multiple usage scenarios. The 360° rotatable clip is suitable for most uniforms and jackets, whereas the Velcro holder can be easily attached to police vests, allowing users to be ready the instant duty calls.
